**Combined Parking Required - 2,285 spaces**  
**Expo Center - 778 spaces required** <sup>Note 1</sup>  
**Kalahari - 1506 spaces required** <sup>Note 2</sup>

**Note 1:**  
 Required Expo parking count is as shown on approved Convention Center Construction Documents.

**Note 2:**  
 Required Kalahari parking counts are based on a combination of City Code requirements and input from Kalahari on their other site's parking trends.

**General Note:**  
 Parking space counts on this exhibit are taken from Kalahari Design Development documents under current planning. Actual constructed spaces will vary based on final design elements, but will remain above "required" spaces. The final count will be reviewed and approved by the City of Fredericksburg with final Construction Documents.

Kalahari shall maintain temporary vehicular access and pedestrian crossing to Expo Center, including pedestrian signal and barrier/safety fence, during construction period until Lot 1 is completed and available for use.
